

EN Guarantee - Pressalit Care products

Within a period of 3 respectively 5 years from date of invoice Pressalit Care undertakes to repair or replace products found to be defective in materials or manufacture. Whether it is 3 or 5 years is specified on the specification sheet for each product.

Any rectifying of defects under the guarantee can only take place according to agreement with Pressalit Care. Purchase documentation must be enclosed. In order to rectify any defects the buyer must at his own risk deliver or send the product back to the dealer or directly to Pressalit A/S in Denmark. After rectifying any defects the return of the product to the customer will take place on Pressalit Care's account.

The guarantee does not include faults or damage which directly or indirectly have arisen by normal wear and tear, wrong operation, misuse, defective maintenance, use of inappropriate cleaning materials, faulty mounting or faulty dismounting. The guarantee only includes damage which is caused by faults or defects in the material. The guarantee does not include secondary damage i.e. damage to other items which the product might cause in connection with any accident.
