Description

Granberg LED Spotlights for a movable cabinet with flexible 400-1200mm spiral cable and 1300mm wiring cable.

Key benefits:

- 2x LED spotlights, plastic with chrome finish
- For installation below the safety trip panel (pre-fitted if purchased with the Verti wall cabinet lift)
- Transformer included

Technical details:

- Requires own plug socket outlet or fused spur socket
- Pair wired to 230V LED Constant driver / 24V
- 3.0W - The spotlights are energy-saving and do not get hot
- Driver fitted with 2900mm bare ended mains cable
- Colour temperature: Normal white
- Dimensions (mm): 70 diameter x 11 high

Lighting control:

- The spots do not have an on/off button
- Power must be wired through a switch
- Supplied with EU 2-pin plug that should be removed for hard wiring to a fused spur

Warranty:

- 2 year manufacturer warranty
