Description

Ropox flexible kitchen sink waste kit with 2x 1000mm WRAS approved (PEX) flexible water hoses for installing kitchen sinks in height adjustable worktop frames, height adjustable islands or static installations where future occasional adjustments may be required.

- Flexible plumbing and waste kit
- For installing sinks in height adjustable worktops and kitchen islands
- 370-880mm flexible 40mm waste pipe
- 254mm waste elbow including trap - white
- 2x 1000mm PEX flexible feed pipes (hot and cold)
- PEX - reduces the risks associated with micro bacterial colonisation and potential for cross infections
- PEX hoses are designed to reduce the growth of waterborne micro-organisms compared to other materials
- WRAS approved flexible tap tails
