Throne Accessories Bariatric Toilet Rail, 50mm Toilet Seat Spacer

£549.60 Inc. VAT

Product Code: RB150-SP50

Product Images

Description

The Throne Accessories bariatric rail is designed to increase the safety and comfort of users with larger builds up to 180kg.

It provides support enabling the user to lower and rise safely when using the toilet.

The support arms can be adjusted in height to suit the toilet pan, with the floor of the toilet or bathroom for providing the support and stability.

This version includes a 50mm toilet seat spacer, allowing the seat height to be raised without installing a toilet plinth.

Key benefits:

- Ideal for larger clients
- Securely fixes to the WC pan - suitable for close coupled or low level designs
- The legs and feet are set back so not to be a hindrance to the user
- Free standing feet with rubber floor grips
- Stainless steel construction
- Includes 50mm toilet spacer - raises the height of the toilet seat without installing a toilet plinth

Toilet seat spacer compatibility:

- 50mm height, with 30mm recess into toilet pan
- Suitable for toilet pans with an overall depth of 475mm (see plan drawing)
- Suitable for toilet pans with an overall width of 350mm (see plan drawing)
- Suitable for toilet pans with 150mm centre-to-centre seat lid fixings
- Not recommended for use with bidet electronic toilet seats

Dimensions:

- Width of between hand rails (mm): 600
- Approx. height above seat (mm): 250 (with adjustable legs)
- Maximum load (kg): 180

Please note:

- Installed images show the 80mm toilet seat spacer not the 50mm spacer
- Stainless steel spacer extension brackets shown images not included
- Toilet pan and seat not included
- This version is not compatible with the Bio Bidet or USPA bidet toilet seats

Returns: Please note:

- Due health and hygiene and infection control this product is non-returnable
