Description

The Granberg InDiago 510KB is a height adjustable wall cabinet lift for the kitchen.

Fitted inside the cabinet, the lift lowers the cabinet shelves and contents in a diagonal motion to the worktop front below.

This version of the InDiago is suitable for cabinets with an internal depth of 310-400mm and an overall height of 700 or 840mm. The width of the intended cabinet can be selected above, along with a choice of control options.

Key benefits:

- Motorised, steplessly adjustable 540mm downwards and 373mm outwards electric height adjustable wall cabinet lift
- Lowers the cabinet's shelves and contents in a diagonal motion to the worktop front below
- Shelf depth 280mm

- Quiet motors and discreet styling
- Integrated safety feature prevents the movement of the lift in the event of an obstruction
- Doors open automatically as lift is operated - doors can also be opened manually if required

Choice of controls:

- Recessed - Corded Control Button in Alu-design, with 5m Control Cable (Product Code: 61210)
- Recessed - Corded Mini Control Buttons, backlit LED, with 5m Control Cable (Product Code: 61316)
- Recessed - Wireless Mini Control Buttons, backlit LED (Product Code: 61375)
- Recessed - Wireless Control Button in Alu-design (Product Code: 61370)
- Surface mounting - Wireless Control Button in Alu-design with Extension Frame (Product Code: 61370 + 61355)
- Single Channel Remote Control (Product Code: 61395)
- Multi-channel remote controls are also available if you are installing multiple systems, contact us to discuss your requirements

Integrated safety system:

- Each lift is supplied fitted with a safety switch located below the bottom shelf
- This safety switch prevents the lift from moving if it comes into contact with an external source
- The lift also prevents movement if the doors cannot be fully opened
- An audio signal is sounded if the unit encounters any operational issues

Wall cabinet requirements:

- Cabinet width (mm): 500 to 1000mm
- Cabinet height: (mm): 700 to 840mm
- Fits cabinets with inner depth: From 310mm
- For cabinet side thickness (mm): 16 - 20
