Granberg Fixed Radio Control Button, Alu-design - Operates 1x Diago / Verti Wall Cabinet Lift

£361.80 Inc. VAT

Product Code: 61371

Product Images

Description

This wireless button can be used to remotely control either the Diago or Verti wall cabinet lifting systems.

Simple to install, it requires no wiring between the wall cabinet lift and the switch. An additional socket outlet is required for the receiver.

The switch can be mounted in the front facia of Baselift, Plusmodule or Manulift height adjustable worktop lifts, or with multiple buttons using the two or three button compartment frames.

Technical details:

- With up / down decals
- Alu-design single channel wireless control switch
- Plastic construction with aluminium finish
- Dimensions (mm): 82 x 82 x 17
- Minimum depth for recessed installation (mm): 25
- Supplied with button battery of type CR 2032 (3 V)
- The remote receiver for the Diago and Verti wall unit lifts require a separate plug socket for the remote receiver

Please note:

- Multiple (2 and 3) buttons for controlling separate Granberg lifts can be mounted together
- To achieve this, please see the Compartment Frames (Product Codes: 61352 and 61353)

Warranty:

- 2 year manufacturer warranty
