Description

The new Mira Advance ATL Flex is the ultimate shower for safety and usability.

Key benefits:

- Electronic thermostatic Temperature Control
- Factory set to safe max. temp settings 41-48 deg. C
- Phased shutdown flushes hot water from the tank to make it safer for the next user
- Mira Clearscale™ Pro technology, included as standard, reduces the build-up of limescale by up to 50%
- Easily accessible controls, with high contrast on critical touch points
- Audible and tactical features for the visually impaired user
- - Audible beeps when when turning on / off and when the desired temperature is reached
- - Audible clicks when turning the temperature dial
- Four different maximum temperature settings
- Anti-glare matte finish panel
- 1000mm riser rail with 2000mm flexible hose
- 110mm dia. showerhead with 3 spray modes (Coverage, Soft and Task) with rub clean nozzles
- Extra-long easy to use slide bar with friction grip showerhead holder
- Hose retaining ring (view - The Water Backflow image in image gallery for more information)
- Soap Dish
- Designed and manufactured in the UK
