Description

The AWS Regent is a luxury range of stainless steel handrails defined by its smooth curved design. Constructed from high quality materials, the 35mm diameter gives the rail increased strength and stability.

This version of the AWS Regent is a 760mm long drop down double support arm with toilet roll holder, and comes in a mirror polished finish.

Suitable for use with toilet pans projecting 540/550mm from the wall.

Key benefits:

- 304 grade stainless steel drop down support arm
- Includes toilet roll holder
- Ideal for use in wet or damp areas
- Easy to use friction action
- Stainless steel backplate for strength and durability
- Backplate bolt holes pre-drilled for M8 bolts (fixings not included)
- Doc M compliant
- Made in Britain
- Matching AWS Regent grab rails and accessories also available

Technical details:

- Length (mm): 760
- Diameter (mm): 35
- Distance from back of rail to wall in vertical position (mm): 40
- Strong tubular construction
- Tested to 170kg in vertical and 45 degree positions (this does not include wall fixings)

Warranty:

- 10 year manufacturer warranty

Please note:

- Fixings not included - the installer should select the correct fixing based on wall type
