Hydromat Application Roller

£17.70 Inc. VAT

Product Code: HMR

Product Images

Description

Butyl self-adhesive Hydromat Application Roller for use with butyl self-adhesive Hydromat membranes, for fast installation and improved performance of the wet room waterproofing membranes.

Ideal for complete adhesion and removing air bubbles when applying the sheet membrane, joining tapes, internal and external corners and drain gaskets.

Key benefits:

- Reusable

- Ensures complete adhesion of the butyl self-adhesive Hydromat membranes
- Increases installation time
- For tiled floors
