Hafele Pull Down Wardrobe Rail 5-15kg, 870-1190mm Widths - Chrome/Black

Product Code: 4K10201

Product Images

Description

This pull down wardrobe rail is well suited to higher wardrobes enabling the user to manually bring the clothes rail down to a comfortable height.

The strong chrome plated steel rail is suitable for 5-15kg loads, and can be installed in wardrobe widths of 870-1190mm.

Key benefits:

- Professional pull down wardrobe rail
- Operated by pull rod which slides along rail
- With a longer handle which enables to make the best use of higher wardrobe spaces
- Ø28mm hanging rail - adjustable, for different wardrobe widths
- Minimum load required 5kg, maximum load capacity 15kg
- Screw fixing to side panels in 32 mm series drilled holes - fixing materials included

Includes:

- Chrome plated steel wardrobe rail
- Chrome plated arms
- Chrome plated pull-down rod
- Black camping plastic T-shaped rail fixing
- Black plastic housing

Please note:

- All fixings must be used
- This tilting device should only be used, if the fitting is installed to rear of the cabinet
- Ensure the wardrobe is secured to the wall to prevent it falling forwards
