Product Images

Description

The MATRIX Square vanity washbasin 1200 x 550 x 152mm, has a safety rail located along the underside of the front edge and up/down control buttons on the right-hand side of the front face of the basin.

With overflow and Ø36mm tap hole for a monobloc tap and drain fitting

www.independent4life.co.uk | info@independent4life.co.uk | Tel: 0800 500 3001 | VAT No: 942447711

EORI GB942447711000

The washbasin has a raised back edge, preventing water from running over the back

Manufactured from cultured white marble with a high-polished, pore-free sanitary gel coating

Key benefits:

- Square vanity washbasin with a safety rail, located on the underside of the front
- If the safety rail comes in contact with an object when the washbasin is being lowered, the motion stops immediately
- If an object comes in contact with the underside of the washbasin when it is stationary, the safety function is activated and the washbasin is lifted
- The washbasin lifter can be used again as soon as the obstruction has been removed
- Right-hand mounted Up/down operating buttons to control the R4875000 electric washbasin lift
- Manufactured from white cultured marble with a high-polished, pore-free sanitary gel coating
- Includes overflow and tap hole 36mm dia.
- For mounting only on the Pressalit MATRIX powered height adjustable washbasin unit R4875000 (order separately)
- Easy to clean
