Description

Left-facing version of the Matrix angle vanity wash basin, with extra free space on top for storing toiletries.

The angled shape allows for the basin to be positioned adjacent to a toilet, the extra wide front hand grips are easy to grab from a variety of positions.

The wash basin has a raised back edge to prevent water from running over the back and down the outer

sides.

Manufactured from cultured white marble with a high-polished, pore-free sanitary gel coating.

With overflow and Ø36mm tap hole for a monobloc tap.
