Description

The Permaramp®-Entry flap™ will only fit the standard width Permaramp-Adjust (order ramp separately), for sliding and inward opening doors.

The Entry flap™ allows you to have a Permaramp-Adjust ramp fixed in place outside, so you can close/lock the door as normal. When the ramp is needed the flap folds down over to the inside of the threshold, giving a smooth transition all the way into the property.

Manufactured from aluminium with the unique Gripdeck™ surface on both sides that offers an excellent all-weather grip surface that retains grip even when wet.

Key benefits:

- Perfect for wheelchair access
- Hand strap for fast and easy operation
- For sliding and inward opening doors with uPVC and timber thresholds
- Gripdeck™ surface on both sides
- Designed, manufactured and stocked in the UK

Technical details:
