Description

The Doorline™ Multi helps you overcome uPVC door thresholds and any threshold with ease on the inside, for use with the NEW Aerolight® and Ultralight ramps.

The Multi rests securely on the door threshold whilst spreading the weight, creating a strong edge nosing for any Aerolight® ramp (not included) to allow access from the outside.

Available in two lengths 57.5cm (23") and 74cm (29") both of which are 70cm (28") wide.

Extremely lightweight for quick and easy use, with a 300kg maximum load capacity.

The DM5 Doorline™-Multi is supplied as part of the NEW Aerolight®-Up&Over, as part of bundle saving packs with different length ramps (Product Code: UO).

Key benefits:

- Extremely lightweight for quick and easy use
- Lightweight aluminium construction with a ribbed and anodised finish
- For use with the NEW Aerolight® and Ultralight ramps to easily bridge any threshold
- The front lip has an anti-slip rubber strip that secures on the door threshold and protects the frame
- Comfortable, fold-away, rattle-free handle
- Designed, manufactured, and stocked in the UK
- Range of lengths select above
- Custom sizes available, contact us for more information

Compatible with:

- The NEW Aerolight® range of ramps
- The Ultralight™ range of channel ramps

Technical details:

- Ramp width: 70cm (28")
- Total length: DM5 - 56cm (22") / DM7 - 74cm (29")
- Max. Recommended height: DM5 - 10cm (3.94") / DM7 - 13cm (5.1")
- Weight: DM5 - 3.6kg (7.8lbs) / DM7 - 4.7kg (10.4lbs)
- Maximum capacity 300kg (47st)
- Materials: Aluminium, stainless steel fixings and plastics

Warranty:

- 2-year manufacturer warranty

Manufacturer product codes:

- DM5, DM7
