Description

Inta foot operated wall mounted pedal for the delivery of water in a controlled and hygienic way.

For controlling single feeds of cold or blended water supplies via a Intamix TMV.

The valves are simple to install, easy to use and vandal resistant, making them ideal for wide range of applications.

Key benefits:

- Timed flow control
- Hygienic pedal operation
- Robust construction
- Vandal resistant
- Durable
- Single inlet for cold water or blended hot water supplies
- Intended for use with the Intamix TMV
- Easy to install

Technical details:

- Min operating pressure: 0.5 bar dynamic
- Max operating pressure: 8 bar static
- Max inlet temperature: 70°C
- Inlet connection: G ½" F BSP
- Outlet connection: G ½" F BSP
- The foot pedal should be 60mm off the floor

Please note:

- If used for hot water in order to prevent scalding the hot water supply should be connected to the mixer via a thermostatic mixing valve (TMV).
- If used for cold water it is recommended that a service valve and strainer are installed in the cold water supply pipe.

Warranty:

- 1 year manufacturer warranty
