Inta Infrared Tubular Mixing Tap 220mm Length (Mains Operated)

£443.82 Inc. VAT

Product Code: IR275CP

Product Images

Description

This Inta wall mounted tubular infrared mixing tap delivers water without contact with the tap, with 220mm of projection length.

An ideal solution where hygiene is paramount, such as in public toilets and washrooms, where vandal resistance is required.

The user's presence is detected with a range of 80 to 300mm by an infrared sensor to turn on a timed flow of water.

Key benefits:

- Infrared
- Vandal resistant
- Hygienic
- Water saving
- Programmable flow time
- Self adjusting sensor
- Manual temperature adjustment
- Operating pressure range of 0.5 to 8 bar
- Security shut off after 90 seconds
- Mains operated

Technical details:

- Spout length (mm): 220
- Min. Inlet pressure dynamic: 0.5 bar
- Max. Inlet pressure static: 8 bar
- Max. Inlet temperature: 70°C
- Inlet connections: 10mm Spigot
- Min. Sensor range: 80mm
- Max. Sensor range: 300mm

Warranty:

- 1 year manufacturer warranty

Additional Information

Manufacturer	Inta
Application	Basin
Tap Style	Spout, Wall Mounted Valve
Mounting	Wall
Operation	Infrared
Vandal Resistant	Yes
Water Pressure	Low, Normal Mains, High Pressure Systems
Technologies	Self Adjusting Sensor, Temperature Control Lever, Water Saving, TMV a Recommended Extra, Programmable Flow Time, Mains Operated, Vandal Resistant
