Description

The Granberg hooks and wall rail for wall cabinets 6280 are a cost-effective solution where only occasional adjustment of the wall cabinet installed height needs to be made.

The rail and hooks can be mounted on the wall at any height, to provide 250mm of height adjustment in increments of 50mm.

Key benefits:

- Max. Load per Cabinet set x2 of hooks 80kg * Subject to the strength of wall
- Space required to the wall / adjoining cupboard: 5mm
- Provides 250mm height adjustment in 50mm increments
- Suitable for cabinet heights of 700-1100mm
- Overall extension from the wall with the support rail 18mm
- The wall rail can be cut to length as required
- Material: Aluminium
- Wall fixings not included

Kit contains:

- 1x Set of hooks for wall cabinets (Product Code: 6280-01)
- 1x 2000mm Wall rail (Product Code: 6280-00)

Warranty:

- 2 year manufacturer warranty
