Description

The Granberg Centerlift 6490 is an electric rise and fall kitchen island.

Its clever design features two distinct sides - one side where hanging cabinets can be mounted; and another side which allows for legroom and facia fronts/drawers to be mounted.

This version of the Centerlift 6490 comes in white (RAL 9003) finish and is available in widths between 990-3290mm.

Design service available:

- Granberg provide a CAD design service to help you visualise and specify this product, with plan, elevation and 3d drawings. Please contact us to discuss your requirement's.

Key benefits:

- Height adjustable kitchen island lift
- Electric operation
- Simple "plug and play" electronics and motor system
- One side of the lift allows for the hanging cabinets to be mounted
- The other side of the lift allows for legroom, and can be further embellished with facia fronts and drawers
- Integrated safety stop - prevents the lift's movement in the event of an obstruction
- White RAL 9003 finish

Useful information:

- Worktop width = lift width + thickness of side cover + desired protrusion
- Worktop depth = lift depth (1106mm) + thickness of front cover + desired protrusion
- Cover panels can hide installations under the worktop on the side that allows for legroom

Includes:

- Factory-mounted aluminium system
- Floor-mounted motors
- Mini control buttons
- Safety switch on the side that allows for legroom
- Fittings for worktop and facia fronts

Recommended accessories - see PDF downloads for more information:

- Alu-design buttons
- Cover package
- Cover panel
- Cutlery trays
- Drawers
- Front
- Hanging cabinet
- Hose cover
- Mini cabinet on wheels
- Multi-compartment frame
- Power switch / Power socket
- Protective panel
- Safety lock

- Safety system

Technical details:

- Height adjustment: Motorised, step-less adjustment of 400mm (between 700-1100mm usable height excluding worktop)
- Speed: 20mm / sec.
- Electrical connections: 2x 230V / 50Hz / 10A (5A+5A)
- Lifting force (kg): 400
- IP-class: IP 20
- Frame depth (mm): 1106
- Facia front height (mm): 103 (order facia separately)
- Cover panel dimensions: Width = width of lift, height 510mm, thickness 12-20mm (order cover panel separately)
- Materials: Motor units in lacquered steel (S235JRG2). Aluminium beams. Aluminium frame for the side that allows for legroom

Warranty:

- 2 year manufacturer warranty
