Extension Handle - 300x124x15mm

£38.83

Description

The Kesseböhmer iMove range has been designed with style in mind. A perfect way to access any wasted space in high cabinets.

The iMove range is a sleek and minimalistic way to bring items down to a reachable level for a standing user.

EORI GB942447711000

Please note this product is not designed to be used by people in a seated position.

The Kesseböhmer Pull-down shelves are ideal for making storage more accessible.

Key benefits:

- Pull-down single tier tray for wall cabinets
- Grab handle, below tray
- Drop-down height of 340mm
- Concealed hinges
- Metal frame with silver finish
- Optional extension handle to increase reach range - 300x124x15mm

iMove Lock Function:

- To reach the lowest loading position, the user must swing the fitting over a certain resistance
- This allows the fitting to engage and stay in the holding position
- Delivered factory set at the lightest level
- If the unladen tray disengages from the holding position, the user can increase the holding force using the switch
- Note: Adjusting this lever does not change the permitted maximum load.

Technical details:

- Number of trays: One
- For wall cabinet width (mm): 600
- Minimum clear internal cabinet depth required (mm): 267
- Height (mm): 380
- Tray drop down height / minimum height required from worktop (mm): 340mm
- Tray width (mm): 556
- Max. tray load (kg): 8
- Finish: Powder coated
- Materials: Metal
- Finish: Silver

Product user information:

Note:

- The wall cabinet must be securely fixed to the wall
- Some physical effort is required to pull down this shelf, particularly when empty
- Important: The drilling pattern supplied with product must be used - failure to do so may cause fitting issues
- For cabinets with a door, we recommend the fitting of 110° hinges (not included) to allow unobstructive movement of the mechanism

Manufactures Warranty

- Kesseböhmer 10-year warranty
