Description

The Roman Innov8 is a series of 8mm thick glass shower enclosures with bright silver hinges and chromed brass feature door handle.

This corner version features a single pivot door with a fixed inline panel, and a fixed return panel for installation with a shower tray.

Distinctive minimalist look, the inclusive design offers full functionality with a low threshold for easy level access, providing inclusivity for all users without a top rail restricting access from above.

Key benefits:

- Full height glass shower enclosure with single pivot door, fixed inline panel, and a fixed return panel
- Doors can be installed to fold either inward or outward
- Unhanded - doors are reversible
- Bright silver frame
- Chromed brass machined components
- Chromed brass feature handle
- Low profile PVC seals
- 25mm of adjustment in each profile
- No top rail
- Full length pivoting tube
- In-Line Panels supplied with optional bracing
- Roman Ultra Care - Pre-coated glass protection system, see PDF download for more information
- Suitable for shower trays only

Technical details:

- For shower tray width x depth (mm): 1200 x 800 or 900
- Overall height (mm): 1967
- Glass height (mm): 1950
- Glass thickness (mm): 8

Recommended shower trays:

- Roman Anti-Slip Trays
- Roman Infinity Trays
- Roman Low Level Trays

Warranty:

- Non-transferable lifetime manufacturer warranty - applies to glass and aluminium parts
- This lifetime warranty does not cover perishable items such as door seals - replacements are available from Roman
