Step 2) Glass Protection

BrillBox Glass Treatment

BrillBox - a surface treatment producing an anti-drop effect on glass. Water does not adhere to the glass surface and water droplets slide away - avoiding limescale and making cleaning easier. Through a chemical process, a transparent protective film seals the glasses micro-porosity, creating a protective barrier.

Step 3) Optional Handles

Glass Cut-out Door Handle (Standard)

Box Docce 2B doors supplied with a glass cut-out handle as standard - allows for complete flush folding of the bi-folding doors.

Shockproof Gel Handle - White x1

£115.00

The 4000 Series bifold door is supplied with glass a cut-out handle as standard allowing the doors to fold flat. This ergonomic handle is shockproof, constructed from a comfortable soft gel material and prevents the doors slamming together. White in colour.

Shockproof Gel Handle - Anthracite Grey x1

£115.00

4000 Series bifold soft gel shockproof door handle, fits the bifold door glass cut-out handle. Stops the doors slamming when folding flat. Anthracite Grey in colour.

Description

A full height corner shower enclosure by Italian manufacturers Box Docce 2B.

A stunning product from the Series 4000 range, it combines polished aluminium profiles alongside clear toughened safety glass.

Chrome-plated brass hinges move in either direction, allowing each door to fold both inwards and outwards.

This version features bifold doors to the front and a fixed side panel, with a choice of sizes.

Key benefits:

- 1950mm high corner shower enclosure with bi folding doors and fixed panel
- The hinges fold in either direction - allowing the doors to move freely inwards or outwards
- Beautiful aesthetic and design - 100% made in Italy
- 6mm transparent toughened glass with magnetic door seals
- BrillBox easy-cleaning treatment
- Polished aluminium profiles and a choice of handle designs
- Can be installed on a shower tray or wet room tiled floor with square edges

Choice of handles:

- Enclosures come with glass cut-out handles as standard - allows for complete flush folding of the doors
- Alternatively, shockproof handles can be fitted in a choice of either white or anthracite grey
- These ergonomically shaped handles are constructed from a comfortable material with soft gel protection

BrillBox treatment

- These enclosures are finished with BrillBox - a surface treatment producing an anti-drop effect on glass
- Water does not adhere to the glass surface and drops slide away - avoiding limescale and making cleaning easier
- Through a chemical process, a transparent protective film seals the glass micro-porosity creating a protective barrier

Technical details:
