Box Docce Glass protection

BrillBox Glass Treatment

BrillBox - a surface treatment producing an anti-drop effect on glass. Water does not adhere to the glass surface and water droplets slide away - avoiding limescale and making cleaning easier. Through a chemical process, a transparent protective film seals the glasses micro-porosity, creating a protective barrier.

Optional door handles

Glass Cut-out Door Handle (Standard)

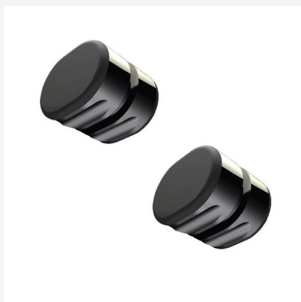

Box Docce 2B doors supplied with a glass cut-out handle as standard - allows for complete flush folding of the bi-folding doors.

Shockproof Gel Handle - White x2

£230.00

The 4000 Series bifold doors are supplied with glass a cut-out handles as standard allowing the doors to fold flat. This ergonomic handle is shockproof, constructed from a comfortable soft gel material that prevents the doors slamming together. White in colour.

Shockproof Gel Handle - Anthracite Grey x2

£230.00

The 4000 Series bifold doors are supplied with glass a cut-out handles as standard allowing the doors to fold flat. This ergonomic handle is shockproof, constructed from a comfortable soft gel material that prevents the doors slamming together. Anthracite Grey in colour.

Description

A full height inline front entry shower enclosure by Italian manufacturers Box Docce 2B.

A stunning product from the Series 4000 range, it combines polished aluminium profiles alongside clear toughened glass.

The chrome-plated brass hinges move in either direction, allowing the bifold door to fold flat, both inwards and outwards.

This version features a bifold door, and comes in a choice of sizes.

Key benefits:

- 1950mm high inline shower enclosure with bi folding door
- The hinges allow the door to fold flat in either direction - moving freely inwards or outwards
- Beautiful aesthetic and design - 100% made in Italy
- 6mm transparent toughened glass with clear seals with magnetic lock
- BrillBox easy-cleaning treatment
- Polished aluminium profiles and a choice of handle designs
- Can be installed on a shower tray or wet room tiled floor with square edges

Choice of handles:

- Enclosures come with glass cutout handle as standard - allows for complete flush folding of the door
- Alternatively, a shockproof handle can be fitted in a choice of either white or anthracite grey
- These ergonomically shaped handles are constructed from a comfortable material with soft gel protection

BrillBox treatment

- BrillBox a surface treatment producing an anti-drop effect on glass
- Water does not adhere to the glass surface and drops slide away - avoiding limescale and making cleaning easier
- Through a chemical process, a transparent protective film seals the glass micro-porosity creating a protective barrier
