HANDSET FLOW	9	9	9	9	9	9
OVERHEAD FLOW	9	9	9	9	9	9

Please Note: Flow rate will be dictated by installation configurations. Please ensure to check the appropriate flow restrictor information if applicable.

Description

Kaha cool to touch bar shower makes a statement with its classic, understated form and modern design accents. It is easy to operate valves with ceramic discs, dual outlets switching between the Satinjet overhead soaker and the Kaha Satinjet handset, with Satinjet body shower or massage sprays, giving a full body experience, like no other.

Water flow rate has been developed to be water efficient, without compromising on water efficiency. Designed to provide you with the maximum comfort, and all-over warmth.

The Satinjet overhead rain shower and Kaha Satinjet hand shower, both use unique twin-jet technology to create the perfect water pressure and water droplet size, creating over 300,000 water droplets per second.

Thermostatic mixer bar is cool to touch, ideal for families with varying showering abilities.

Key benefits:

- Divert between full body overhead or handset
- Thermostatic shower with an adjustable riser and Satinjet overhead soaker
- The riser height can be adjusted to suit your family
- Kaha Satinjet hand shower, with adjustable holder
- Two types of spray - Satinjet body shower or massage
- Easy-fit connectors - For quick and simple installation
- Advanced and efficient shower system saves on water
- Twist-free hose - Easy to use and to clean
- Water efficient without compromising performance
- Suitable for High Pressure only
- Ceramic discs

Safety features:

- Valve is safe and cool to touch making it ideal for families
- Thermostatic control - Maintain your preferred temperature setting
- Separate flow and temperature controls
- 38°C temperature hot stop with override facility
- Anti-scalding - water is prevented from reaching a temperature hot enough to scald
- Cool-to-touch technology - Ensures the bar valve never gets warmer than the mixed water temperature

Approvals:

- TMV2 approved
- Kiwa approved
- WRAS approved

Technical details:

- Projection from wall (mm): 72
- Riser rail height (mm): 1100
- Handset range of movement (mm): 850
- Satinjet overhead shower projection from wall (mm): 570
- Satinjet overhead shower diameter (mm): 234
- Inlet connections (mm): 15 Compression
- Outer edge of bar shower (mm): 313
- Min inlet pressure (bar): 1.0
- Max inlet pressure (bar): 5.0

- Factory pre-set temperature: 38°C

Warranty:

- 5 Year manufacturer warranty

Additional Information

Manufacturer	Methven
Shower Type	Direct Fed (Mixer)
Shower Features	Thermostatic Mixers, Shower Valves with Diverters, Shower Control, Fixed Riser Rail, Flexible Hose and Handset, Shower Head Holder, Overhead Soaker
Fixings	Exposed
Control	Manual Lever, Manual Dial
Hose Length (mm) / Application	1500 / Shower Hose
Water Pressure	High Pressure Systems
Technologies	Thermostatic Control, Satinjet, Safe Touch, Temperature Control Lever, Exposed Top Entry, Water Saving, Ceramic Disc, Easy-fit Connectors
Approvals	WRAS Approved, Kiwa Approved, TMV2 (Domestic Sector)
