Description

The Renaissance Talis is a luxury design rectangular walk-in shower bath with electronically operated door. The bath is supplied with a white styrene plastic (front) panel, with the option to add additional end panels. The Talis can also be supplied with a 6mm thick toughened glass shower screen, which fits neatly onto the bath edge.

This version of the Talis is right handed, and can be lowered by cutting down the white styrene front panel by 115mm and recessing into the floor to achieve an ultra-low level step entry of approx. 80mm.

Key benefits:

- Option for Low threshold step entry allows easy access of 80mm
- Door swings into bath for maximum access - controlled via electronic touch button and magnetic door lock
- Stylish chrome finish to door hinges
- Battery back up in case of power failure supported by an audible alarm
- Water sensor ensures the door remains inactive until water has passed below a certain level
- White styrene panel - (standard plastic material) with easy access fixings for maintenance
- Supplied with side (front) panel - End panels available as extras
- Control box can be repositioned on installation if required for ease of access
- Supplied with adjustable feet for levelling bath on installation
- CE Compliant, manufactured in the UK

Space planning:

- Right handed
- Length (mm): 1700
- Width (mm): 800
- Standard Floor to door entry height (mm): 165
- Standard Bath Height (mm): 510
- Maximum Bath Step-in Height (mm): 205
- Ultra Low Floor to door entry height (mm): 80
- Ultra Low Floor Option Bath Height (mm): 425
- Tub depth (mm): 400
