## Description

The Methven KIRI two direction concealed thermostatic shower, with square controls offers you greater flexibility.

The diverter cartridge offers you a flexible showering experience, allowing you to control an overhead shower for a full drench and shower handset, if you want to keep your hair dry.

### Key benefits:

- Diverter cartridge to two outlets
- Separate Flow And Temperature Controls
- Thermostatic valve with 38°C temperature hot stop (with override)

- The temperature control knob is pre-set with stop at 38°C to avoid scalding, can be adjusted at installation
- 2mm thick chromed brass concealing plate
- Front access filters - No need to disconnect shower from water supply during maintenance
- Designed to fit in a cavity depth from 65mm to 85mm
- Concealed shower spindle extension available (please contact us)
