Description

The AKW Tuff Form Level Best floor former for creating level access wet rooms.

Easy to install, it is suitable for timber or concrete installations, and can be rotated and trimmed to size if required.

Key benefits:

- Creates a complete level access wet room shower area once completed with vinyl safety sheet flooring or tiled flooring when a tanking kit is also used (not included)
- Very strong at only 22mm thick - can withstand loads of up to 381kg (60 stone)
- Suitable for both wooden and screed floor installations
- Fully recyclable - made from reusable plastic
- Choice of size:

Technical details:

- Thickness (mm): 22
- Waste hole diameter: 160mm
- Load capacity (kg): 381
- Materials: GRP
- European Fire Safety Rating: CFI-s2

Installation:

- Unhanded with offset waste position to avoid joists
- Can be cut to length or trimmed to within 150mm of the waste without losing any strength integrity
- Pre-formed fixing holes

- Ribbed design on the underside eliminates slippage or float during installations

Waste options:

- Waste options for vinyl safety sheet flooring - search for the following product codes:
- 25106, 25414, 25124, 25129, 25419-UK, 25499-UK
- Waste options for tiled flooring - search for the following product codes:
- LB00101, 25498-UK, 25418-UK

Warranty:

- Lifetime manufacturer guarantee
