Description

Standard angled valves for Diffusion towel radiators. Choice of four powder coated colours to suit your chosen radiator: Gunmetal, Obsidian, Matt White, and Smoke.

The Chrome finished valves are also for Dual Fuel installations where a 50mm T-piece, heating element 150W, 400W or 600W with a premium cover and wall plate will be required, all of which are only available in a Chrome finish (order separately).

Key benefits:

- Colour matching side loading radiators are available (order separately)
- Premium Chrome finish
- 4x Powder coated colour options: Gunmetal, Obsidian, Matt White, and Smoke

Guarantee:

- 2-Year Guarantee

Please note for Dual Fuel installations, you will also require (order separately):

- Only available in a Premium Chrome finish:
- Product Code: DIFT - 50mm T-piece
- Product Code: DIFE150CP - 150W element, with a premium cover and wall plate
- Product Code: DIFE400CP - 400W element, with a premium cover and wall plate
- Product Code: DIFE600CP - 600W element, with a premium cover and wall plate
