Description

The AWS Regent stainless steel 800mm folding support arm with a friction hinge, concealed fixings cover for a sleek and stylish appearance.

Designed for use alongside WCs for extra support, and for use in shower areas where there is a requirement for a well-designed substantial rail for the safety of all users.

Suitable for use with toilet pans projecting 700 to 750mm from the wall.

Available in a choice of Mirror, Sateen polished finishes and White polyester coated for a warmer touch.

Constructed from high quality materials, the 35mm diameter gives the rail increased strength and stability.

Key benefits:

- 304 grade stainless steel drop down support arm
- Ideal for use in wet or damp areas
- Easy to use friction action hinge
- Stainless steel backplate for strength and durability

- Backplate bolt holes pre-drilled for M8 bolts (fixings not included)
- Finished stainless steel cover plate to conceal the wall fixings
- Made in Britain
- Doc M compliant
- Choice of Mirror (MPF) or Sateen (SPF) polished finishes and White polyester coated for a warmer touch
- Matching AWS Regent grabrails and accessories also available

Technical details:

- Length (mm): 800
- Diameter (mm): 35
- Strong tubular construction
- Concealed cover for fixings
- Tested to 120kg in vertical and 45 degree positions (this does not include wall fixings)

Warranty:

- 10 year manufacturer warranty

Please note:

- Fixings not included - the installer should select the correct fixing based on wall type
