Description

The Diffusion Standon 1000x500mm stainless steel ladder towel radiator has been designed and manufactured with the tubes open on one side to ensure easy towel hanging for both standing or seated users.

The radiator is reversible to allow opening on either side to make it easier than ever to design or refurbish any bathroom or wetroom.

Key benefits:

- Reversible to allow opening on either side
- Angled chrome valves included
- The tubes are open on one side to ensure easy hanging of towels
- Suitable for use on closed or open systems
- Wall brackets on uprights to maximise hanging space
- Four colour options available: Brushed, Polished Stainless Steel, Sand or Anthracite

Technical details:

- Round stainless steel tube open sided towel rail
- Output at 50°C (BTU): 1051
- Overall height (not including inlet pipes) (mm): 1000
- Overall width (mm): 500
- Inlet pipe centres (mm): 50
- CE Approved and tested to BS EN442
- **Please note due to the manufacturing process the width and height dimensions are ± 2mm**

Guarantee:

- 5 Year Guarantee
