Infrared Radiator Ceiling Bracket (Set)

£36.75

Eucotherm ceiling mounting set for the Eucotherm infrared radiators. Part of a solution to heat a space, where you are limited on wall space. Ideal for situations where scalding and burning are a risk to the user.

Description

The Infrared White Radiator panel, by Eucotherm, uses impressive infrared heater FAR technology for heat on demand. Designed with a ultra slim panel giving a modern discrete appearance. This radiator can be connected to any plug socket or dedicated circuit. No heat dust, perfect for those who suffer from allergies.

This radiator takes up small amounts of space due to its slim panels. Additionally, this panel can be mounted on the ceiling using the optional mounting set. This creates the benefit of the heat without chances of injuries such as burns.

Key benefits:

- Infrared heater FAR technology
- Ultra slim panels
- No heat dust allergy sufferers
- Can be mounted vertically or horizontally
