

Alca self-supporting frame for mounting wall hung WC pans with an Installation depth of 125 to 250mm, frame width 510mm x 1120mm high, in front of a support wall or within a partition framed wall with a plasterboard finish and a floor thickness of 0-200mm.

Compatible all ALCA flush plates: Basic, Sensor and NIGHT LIGHT.

For toilet pans with a connecting pitch of 180mm or 230mm. Prepared for connecting a bracket with a DG 1/2" conversion for bidet seats, shower toilets, and sprays.

Key benefits:

- Dual flush independently adjustable with hygienic reserve
- Compatible all ALCA flush plates: Basic, Sensor and NIGHT LIGHT
- Polystyrene insulation prevents condensation forming and dampens vibrations
- Visible marks for both levelling and the centerline
- Installation depth 125mm
- Installation depth adjustable from 20-95mm
- Tilt the cistern for easy installation in timber frames
- Can be installed in a partition, in front of the bearing wall
- The frame allows the anchoring to a separate sufficiently strong plasterboard partition, in front of the bearing wall
- The fitted frame should be covered with a plasterboard panel
- Adjustable anchor feet and a spring-lock system, range of 0-200mm
- The service opening cover simplifies assembly and prevents the penetration of moisture and impurities
- Suitable for installation of remote or sensor flushing
- The cistern is made of one piece, thus ensuring 100% impermeability
- Sliding rail holder for the waste connector can be set to eight positions between 0-93mm
- Water supply from the rear/top
- Angle valve with the ability to connect to the Mepla piping system
- Dispenser for WC cistern tablets included
- Maintenance work without using any tools
- Frame material: powder-coated metal

Approvals:

- Kiwa Approved
- WRAS Air Gap

Scope of supply:

- Fixings for WC pan: threaded rod 2x M12, 4x washers, 2x covers, 2x nuts, & 2x thread protectors
- Fixation set: 4x screws Ø8x60m, and 4x dowels Ø12
- Elbow waste connector HT 90/90 polyethylene, PE-HD
- 2-piece cover of the service opening is simply adjustable
- Cistern with fill and flush valve
- Waste reduction HT 90/110 polyethylene, PE-HD
- End-caps for protecting the connecting holes during installation of the system
- Set for inserting toilet tablets
- Self-supporting frame
- Fittings 1/2" water connection with the integrated angle valve Schell 1/2–3/8"
- Drainage seal, PP connector, connector seal
- Inlet seal, PP outlet, wrapping seal

Warranty:

- 15 year manufacturer
