£186.76 Inc. VAT

Product Code: A107/1120

Product Images

Description

Alca self-supporting frame for mounting a wall-hung urinal. Installation depth of up to 200mm maximum, frame width 510mm x 1120mm high. For mounting in front of a support wall or within a partition framed wall with a plasterboard finish and a floor thickness of 0-200mm.

Wall-hung urinal mounting pitch 80-280mm, water connection adjustable 0-125mm from center, and adjustable waste 0-110mm from the centre.

Key benefits:

- To connect the pressure urinal flusher ATS001
- Installation depth 200mm max.
- The frame allows the anchoring to a separate sufficiently strong plasterboard partition, in front of the bearing wall
- Can be installed in a partition, in front of the support wall
- Adjustable anchor feet and a spring-lock system, with a range of 0-200mm
- The fitted frame should be covered with a plasterboard panel
- Mounting pitch of the urinal is 80-280mm
- Water connection adjustable 0-125mm from center
- Frame material: powder-coated metal

Approvals:

- Kiwa Approved

Scope of supply:

- Urinal fixings: 2x M10 screws
- Fixation set: 4x screws Ø8×60mm, and 4x dowels Ø12
- Covers for the fixing material
