## Description

---

AKW 59mm high GRP toilet plinth, for raising the physical height of a AKW Livenza toilet pan.

- Toilet plinth to be used to permanently raise the WC pan by 59mm
- Screw directly to the floor or shower tray
- GRP construction

- An alternative to using raised height toilet seats
- Note: This plinth is designed for the AKW Livenza toilet pan
- Provides stability and strength
- The addition of a grabrail alongside the WC can assist the user when standing or sitting

**Plan view size:**

- Base footprint - 423mm (L) x 283mm (W)
- For AKW Livenza toilet pans only

**Warranty:**

- Made for life - manufacturer warranty

**Note:**

- Check the image gallery for the plinth dimensions and check your toilet pans footprint dimensions to ensure you are buying the correct plinth for your pan
