Description

The AKW low profile multi-purpose shower tray is just 32mm thick, suitable for wooden floors to create a level or low-level access shower area.

Create the perfect shower room with the addition of a compatible AKW shower enclosure or door set from the Larenco, Level Best, Silverdale, and Standard screen ranges.

Available in a large range of sizes, the trays are unhandled with an offset waste outlet, choice of gravity wastes.

Key benefits:

- Suited to wooden floors
- Low Profile can be fitted for either level or low-level access
- 32mm thick multi-purpose tray with easy installation
- Weight limit: 30 stone / 190kg
- Non handed shower trays for both left or right-handed installations
- Easy installation, thanks to offset waste position to avoid joists
- Shower tray creates a visually defined showering area useful for those with visual impairment
- Slip resistance textured surface a safer showering experience for user
- Reinforced with steel sections for extra strength - No additional support required
- No under tray foaming is needed - Ensuring quick and easy installation
- Excellent water drainage with a 25mm fall inside the tray
- 1800mm trays can be cut down to 1500mm, supplied with a trim to length kit
- Three separate tiling upstands supplied. Ensures a watertight seal between tray and tiles and secure fitting of tray

Technical details:

- Tray height: 32mm
- Material composition: GRP (Glass-Reinforced Plastic) fibreglass hand lay-up
- Weight limit: 30 stone / 190kg
- Fall to Waste: 25mm
- Suitable for Gravity wastes. Note: Pumped wastes are not recommended
- Screen Compatibility: Larenco, Level Best, Silverdale® and Standard Screens
