Product Images

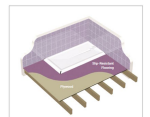

Braddan Waste Options

 150mm x 250mm 15mm Gravity Waste	 150mm x 250mm Standard Pumped Waste
 200mm x 300mm Gravity Waste	 200mm x 300mm Upward Discharge (dry fitted waste)

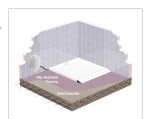

Braddan Shower Tray Wooden Floor Installation

Braddan inset onto joists in a wooden floor. Requires the AKW Shower Pump Kit and the AKW Standard 150mm Gravity Waste.

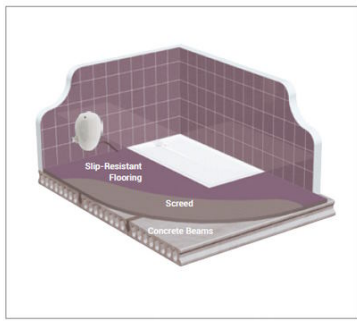

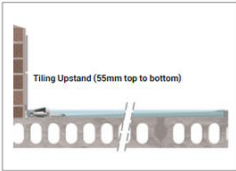

Braddan Shower Tray Concrete Floor Installation

Braddan installed on concrete floor. Requires the AKW Standard Shower Pump Waste, alternatively, the factory fitted AKW Upward Discharge Waste can be specified. Being available (AKW).

Braddan Shower Tray: Screeded Floor Installation

Braddan installed in a screed on concrete beams or solid concrete using an AKW M11 DigiPump with a factory fitted AKW Upward discharge waste.

SMC Tray

Sheet molding compound (SMC) is a high-strength composite material comprising primarily a thermosetting resin, filler(s), and fiber reinforcement.

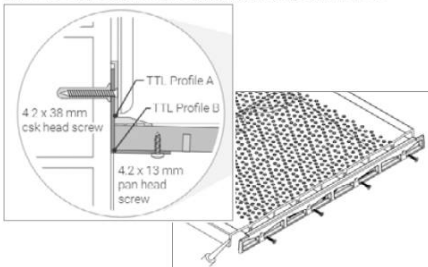

GRP Tray

Glass reinforced plastic (GRP) is made of synthetic resin as main basic material and glass fiber or other product as reinforced material, processed into a solid material by molding and setting.

Braddan Cut-to-Length Kit

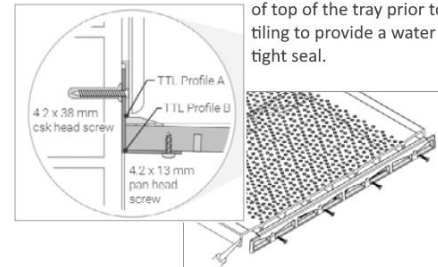

Cut-to-Length kit included with 1800x700mm SMC
1800 x 700 Trim-to-length Braddan trays are manufactured from SMC, supplied with a separate end cap. If the tray needs to be reduced in size to fit into an alcove the end cap then needs to be sealed to the cut end prior to the tilling flange being fitted.

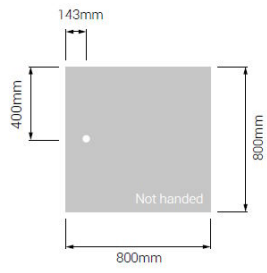

Braddan Cut-to-Length Kit

1800 x 820 Trim-to-length Braddan trays are manufactured from GRP.

Supplied with trim-to-length kit comprising two lengths of aluminium extrusion. The first piece is secured to the underside of the cut end of the tray. This is then secured section is then secured over the first and sealed on top

Braddan Shower Tray – 800 x 800mm (GRP)

Tray only code:	16522
Tray with GW50 Gravity Waste code:	16522W
Tray with Upward Pump Waste code:	16523

	07130 / Chrome Upward Discharge Waste (factory fitted)	£21.57

Description

The AKW Braddan shower tray is available in a large range of sizes and offers easy installation. The tray is 40mm thick and can be installed as a corner or alcove and is suitable for concrete, screeded and wooden floors. Create a level access, semi-recessed or a surface-mounted, low-level threshold step-in shower tray area.

The trays are unhandled with a central waste outlet with a choice of gravity and pumped wastes.

The 1800mm long trays are supplied with a 'trim to length' kit, allowing up to 300mm to be cut off. Note: trimmed trays are only suitable for alcove installations, not corners.

Create the perfect shower room with the addition of a compatible AKW shower enclosure or door set from the Larenco, Level Best, Silverdale® and Standard Screens ranges.

Key benefits:

- Suited to all floor types: Concrete, screeded and wooden floors
- Can be installed as a full level-access, semi-recessed or surface-mounted step-in shower enclosure (order shower doors or screen separately)
- The tray creates a visually defined showering area useful for those with visual impairment
- Slip resistance textured surface a safer showering experience for the user
- Excellent water drainage with a 35mm fall inside the tray
- 40mm thick multi-purpose tray
- Integral added strength for extra peace of mind
- No under tray foaming is needed for quick and easy installation
- Weight limit: 30 stone/190kg
- Non-handed shower trays for both left or right-handed installations
- Choice of gravity or pumped wastes
- Factory-fitted upward pumped waste option for unbreachable floor installations
- 1800mm trays can be cut down to 1500mm and supplied with a trim to length kit
- Three separate tiling upstands supplied. Ensures a watertight seal between tray and tiles and secure fitting of tray
- Optional pipe duct kit available to avoid the re-routing of existing pipework (order separately)
- Optional ramps: 20mm and 40mm straight/corner kits for semi-recessed and surface-mounted installations (order separately)

Waste options:

AKW: 25125 - GW19 19mm Dia. Gravity Waste

- - 19mm Water trap
- - Installation depth required below tray (mm): 93

AKW: 25126 - GW50 19mm Dia. Gravity Waste

- - 50mm Water trap
- - Installation depth required below tray (mm): 124

AKW: 25122 / 25405 - PW50 Standard Pumped Waste

- - Outlet pipe (mm): 15/22
 - - Installation depth required below tray (mm): 38/44
- AKW: 07130 - Chrome upward discharge (factory-fitted waste)*

- - For unbreachable floor installations
- - Outlet pipe (mm): 15
- - Recommended pump AKW Digipump M11 kit without Waste (Product Code: 25471) order separately

Technical details:

- Tray height: 40mm
- Material composition:
 - - GRP (Glass-reinforced plastic) all trays except:
 - - SMC (sheet moulded compound) 1200x700; 1200x820; 1300x700 & 1420x700mm
- Weight limit: 30 stone/190kg
- Fall to Waste: 35mm
- Suitable for Gravity and Pumped wastes
- For unbreachable floor installations, select the Upward pumped waste option
- Screen Compatibility: Larenco, Level Best, Silverdale® and Standard Screens
