£88.34 Inc. VAT

Product Code: 01925WH

Product Images

Description

The AKW heavy duty plastic fluted grab rail 32mm dia. 610mm long x 90° angle white. Constructed from high quality uPVC and an aluminium tubular core providing the grab rail with strength and durability alongside 5 fixing points for even greater strength and stability. The 38mm rail to wall clearance provides an easier grasp

for users with limited dexterity.

Key benefits:

- Fluted rail ensures additional grip when hands are wet
- Easy grasp for users with limited dexterity
- Captive flange covers improve the overall finish
- 5 Fixing points for added strength and stability
- Doc M compliant
- Matching AKW grabrails and accessories also available

Technical details:

- Overall length (mm): 610x610
- Rail diameter (mm): 32
- Rosette diameter (mm): 90
- Rail to wall clearance (mm): 38
- 90 degree bent bar
- Concealed fixings
- Maximum load of 190kg / 30 stone this refers to grabrail only

Please note:

- Fixings are not included and the installer should select the correct fixing based on wall type
- This product is rated to 190kg / 30 stone only when installed and fully maintained according to the instructions
