## Description

---

The HEWI, Duo Design B Hinged support rail, with two parallel round gripping levels arranged on top of each other, made of quality stainless steel. Folding support arm with a friction hinge, and 700mm projection. Fixings are concealed, creating a modern appearance. Permanently smooth and easy moving joint. With a choice of five stylish finishes.

Optional colour matching HEWI floor supports legs, are also available in two lengths 565 and 645mm, for retrofitting onto the rails to increase stability when the support rail is in use.

Using the System 900 you can create a stylish and flexible handrail installation.

### Key benefits:

- Suitable for both wet and dry environments
- Friction hinge for assisted use
- Folding rail
- Easy installation
