Description

Geberit replacement remote control for the AquaClean 8000plus and 8000plus Care shower toilets.

With the remote control you can tailor the settings of the AquaClean 8000plus Care to specific needs and then save them under three separate profiles.

This means anybody who uses the shower toilet can enjoy the optimum experience based on their preferences, and once saved the settings can be picked up by the infrared or control panel, ensuring fuss-free individual adjustment when required.

The unit also includes a button for remote flushing.

- For use with the floor mounted AquaClean 8000plus Care
- For use with the wall mounted AquaClean 8000plus for non-visible cistern
- Radio frequency 2.4 GHz
- Includes 3x AAA batteries
- See PDF - Operating Instructions for details of functions

Note:

- Please note the former Product code was: 250.043.00.1
