## Description

This is the standard version of the L1R with one EASA 1900mm full-height fixed shower screen panel. Right-handed, manufactured to your dimensions between a range of 200 and 1000mm. Please state the total panel width required to a maximum of 1000mm.

The shower tray panel is well designed with 6mm thermally toughened safety glass, which is three times stronger than non-tempered glass.

Manufactured from high-quality materials that are easy to clean and maintain with anti-limescale glass.

EASA specialise in the design and manufacture of shower enclosures to suit those with disabilities, reduced mobility and multi-generational living.

### Key benefits:

- Anti-limescale glass for easier cleaning
- Adjustable wall profile
- Customisable total width (mm): 200-1000

- 100% recyclable

### Components:

- 1x fixed right-hand custom width glass panel
- 6mm toughened safety glass
- 1x stainless-steel 1000mm fixed panel lateral support bar (can be cut to length)
- 1x fixed panel mount, works in conjunction with the water seal at the base of the panel
- 1x stainless-steel wall compensator, with chrome cover cap
- A satin finish bracket secures the fixed panel to a shower tray
- Seals and gaskets reduce the risk of water leakage and ensure a watertight seal

### Technical details:

- Fixed glass panel height (mm): 1900
- Wall compensator height (mm): 1920
- Wall compensator depth (mm): 55
- Wall compensator adjustment for off plumb walls of +15 to -24mm
- Customisable total width (min. to max. mm): 200 to 1000
- Please contact us if you require a custom height
- Optional — Frosted toughened safety glass for increased privacy

### Compatibility:

- Can be retro-fitted onto a shower tray with a 40mm flat perimeter
- Wall compensator for shower trays

### Accreditations:

- EU Construction Products Regulation (EU) No 305/2011 (CPR)
- BS EN 14428: 2015 + A1: 2018 Shower Enclosures/Doors
- BS EN 12150-1: 2015 + A1: 2019 Glass in building. Thermally toughened soda lime silicate safety glass
- BS EN 12600: 2002 Glass in building. Pendulum test. Impact test method and classification for their flat glass

### Warranties:

- Accessories have a two-year warranty
- Lifetime warranty against manufacturing and material defects, excluding normal wear and tear in general domestic applications

### Please note:

- This fixed panel is custom made and is **non-returnable**
- The minimum width the "panel" can be manufactured to is **200mm** and the maximum overall width is **1000mm**
- The free width of the "flat perimeter" of your shower tray
