Description

This pull down wardrobe rail enables a seated person to manually bring the clothes rail down to a comfortable height.

When installed the upright / folded back height is 850mm, the rail is suitable for wardrobe widths of 440-610mm.

Key benefits:

- Simple pull down wardrobe rail
- Operated by pull rod which slides along rail
- Installed height of 850mm
- Housing height of 140mm
- Housing depth of 68mm
- Ø22mm hanging rail - adjustable, for different wardrobe widths

- Minimum load required 1.6kg, maximum load capacity 10kg
- Screw fixing to side panels - fixing materials included

Includes:

- Adjustable chrome plated steel wardrobe rail
- White plastic pull rod
- White plastic housing
- Connecting parts

Optional - Soft Opening Mechanism:

- Supplied as a pair
- For soft and gentle opening of wardrobe lifts
- Hooks into the housing of the wardrobe lift
- Colour: White
- Material: Plastic

Please note:

- All fixings must be used
- Tilting device should only be used if the fitting installed to rear of the cabinet
- Ensure the wardrobe is secured to the wall to prevent it falling forwards
