Ropox Heat Insulation Sink Pad - 330 x 270mm

£63.53 Inc. VAT

Product Code: 97001254

Product Images

Description

Self-adhesive heat insulation pad, for retro-fitting to the underside of kitchen sinks.

Designed for use with rise and fall kitchen worktops, the heat insulation prevents scalding of a person's legs when situated under the worktop.

Key benefits:

- Self adhesive heat insulation pad for kitchen sinks
- Non-handed

- Can be cut to size as required
- Flame resistant
- Temperature resistant acrylic adhesive
- Suitable for use in domestic and commercial properties
- The underside of an exposed shallow depth kitchen sink should be insulated
- Doc M compliant

Technical details:

- Size (mm): 330x270
- Materials: Aluminium
- Colour: Black
