Description

AKW aluminium white powder coated U shaped shower curtain rail, available in a large range of sizes.

These U shaped rails are ideal if there is an obstruction in the shower area, for example a window.

The return side lengths can reduced in length and cut down if required.

Supplied with 2x 600mm drop rods and fixings.

Key benefits:

- Continuous rail with no joints
- Aluminium white powder-coated finish
- Large range of sizes
- Includes 2x wall brackets, 2x drop rods, 22x hooks; and gliders
- Designed for curtains of 4oz or lighter
- The rail should be 80mm wider than the shower tray or floor former - see the "Sizing Chart image" for more information

Installation:

- For installation with an obstruction in the shower area
- 2x White wall mountings supplied
- The drop rod screw in to the top of the rail, and does not interfere with running of the curtain glides or hooks
- 2x ceiling fixing shoes supplied - connects drop rod to ceiling
- Rail ends can also be trimmed down as required
- Curtains sold separately

Warranty:

- Lifetime manufacturer warranty
