*Duvar kalınlığına göre ilave boru gerekebilir.
*Additional pipe may be required due to wall thickness.
*Für zusätzliche Abstände ist je nach Wandstärke erforderlich.

Description

TheVitrA V-Care Prime free-standing shower toilet provides female and rear washing improving hygiene for all users, this version of the V-care puts emphasise on comfort rather than just hygiene with its ambient lights and dryer. Multi level adjustable settings give the user their ideal experience all easily control able from a simple to use remote or mobile app.

User-friendly, the V-Care Prime Free-standing WC is ideal for those users who desire safety to be an important aspect since it comes with burn and freeze prevention alongside the ability to cut the electricity.

Key benefits:

- Adjustable settings for user preference
- Improved personal hygiene - cleaning with water not paper
- Power saving mode
- Seat sensor prevents the seat functions from activating when there is no user
- Child mode that works even if the sensors do not sense the user
- When motion sensor is on automatically opens seat cover and closes after no movement is detected
- The user can turn on a motion sensor to automatically open and close the seat
- Quick release function
- Deodorization automatically activates when the seat sensor sense a user
- Burn/Freeze prevention
- Nozzle ejection so the user can manually clean the nozzle
- The user can turn on/off the automatic deodorization
- LED light battery life indication on the remote
- Silent mode can be activated by pressing nozzle position and water pressure button
- Decalcification cycle
- Oscillating and pulsating wash
- Dryer for after washing
- Can be operated via a mobile app
- Ambient lights

Technical details:

- Colour: White
- Weight load: 400kg
- Height (mm): 400
- Width (mm): 390
- Depth (mm): 620
- Universal outlet
- Bidet function: with bidet pipe
- Electric supply: AC 220/240v 50/60hz
- Maximum power consumption: 714 – 846W
- 5 adjustable nozzle levels available
- Needed water supply pressure: 0.069MPa – 0.735MPa
- Nozzle type: Motor operated on way (An integrated water way for rear washing and female washing)
- Water tank capacity: 760cc
- Water consumption: 720cc/min (480cc/40sec)
- Water heater power consumption: 641 – 763W
- Water pressure adjustment: 5 levels available
- Water temp adjustment: 6 levels available (Off, 32°C - 34°C – 36°C – 38°C – 40°C)
- Water safety equipment: Automatic resetting thermostat (50°C off and 40°C on) Thermal Fuse (53°C)
- Water safety equipment: Water level sensor and thermostat
- Drying temp adjustment 5 levels available
- Heater power consumption 200-238W
- Dryer Safety equipment: Resetting bimetal (105°C)
- Dryer Safety equipment: Thermal fuse (195°C)
- Seat heater capacity: 50 – 60W
- Heated seat safety equipment: Thermal fuse (72°C)
- Seat temp adjustment: 6 levels available (Off, 32°C - 34°C – 36°C – 38°C – 40°C)
- Low temperature burn prevention, Seat sensor (Electrostatic touch type)
- Remote: RF (2.4GHz) Type
- App Control: Bluetooth 4.2, Wifi 802. 11 b/g/n
- Electronic Damper Automatic opening/closing seat & seat cover
- Built-in circuit breaker (15mA within 0.1 sec)
- Power saving: 1 level available
- Power on/off: 2 available One turns on/off the other cuts off electricity completely
- Freeze protection turns on automatically when the temperature drops below 5°C
- Nozzle cleaning types : 2 available automatic cleanings before and after every use and manual cleaning
- Deodorization: Activated carbon filter

Manufacturer warranty:

- 2 year manufacture warranty - Seat & electrical cassette
- 10 year manufacture warranty - Ceramic

Please note:

- Due to the hygiene reasons and the custom nature of this item, this product is non-returnable
- Requires a concealed cistern / mounting frame that is not included
- Alternative manufacture Product Code: 7232B403-6217

Additional Information
