Description

The Granberg Unilift 870 is an innovative lifting system which raises kitchen appliances out of cabinets, enabling easier access for both seated and standing users.

Fully electric, supplied as a bare unit with a choice either a wired hand controller or the wireless remote control.

For installation in a kitchen base unit 400, 500 or 600mm wide, the clever mechanism folds away when not in use allowing the door to close.

Key benefits:

- Height adjustable lifting system for cabinets
- Electric operation
- Raises appliances forwards and upwards from the cabinet in an arc motion
- For cabinets of 400, 500 or 600mm width
- Choice of wired hand control or wireless single channel remote control
- A secondary socket outlet required for the remote-control receiver for the remote control
- Optional white shelf to match
- Shelf folds away when not in use, allowing the cabinet door to close

Technical details:

- Height adjustment: Motorised, steplessly adjustable 745mm upwards and 500mm outwards from the cabinet
- Speed (mm / sec): 37
- Electrical connection: Plug for 230 V, max. 2.5A
- Max load (kg): 20
- Materials: Powder-lacquered sheet metal parts (alu-grey RAL 9006)
- Shelf materials: White laminate with ABS plastic edging
- Shelf dimensions - Width x Depth x Thickness (mm): 330, 430 or 530 x 350 x 22

Warranty:

- 2-year manufacturer warranty

Please note:

- Appliances and base cabinet shown in the images not included
