Description

AKW electronic bidet toilet seat with a raised push button, provides maximum comfort and cleaning for both male and female users, with adjustable warm water washing and warm air drying.

Carers can assist users and maintain their privacy and dignity in the bathroom with the remote control by allowing use by carer outside the bathroom. The built-in night light makes finding and using the bidet easier.

The AKW Consilio bidet seat is designed and compatible with the Navlin range of sanitaryware. The bidet measures (LxW) 520x370mm overall, 453 (+/- 31mm) installation depth with 160 (+/- 20mm) adjustable hinges.

The bidets adjustable spray has 4x spray modes - Steady, Pulsating, Oscillating & Pulsating, 5x posterior wash positions, feminine wash and 5x spray intensity settings using 0.6 to 1L per minute. 1-2 minute wash cycles with 3 minute drying cycle.

Key benefits:

- This version of the AKW bidet pack 1 has a raised push button
- Tested to a safe working load of 150kg / 23.5 stone
- Quick Release Seat and Lid - Easier cleaning and maintenance
- Seat lugs - Provide stability when side transferring from a wheelchair
- Integral seat sensor - Ensures activation only occurs when the seat is in use
- Note: This Bidet seat is not compatible with mobile shower chairs
- Lid and seat lift assist with soft close - Moulded front grips on the lid with contrasting side tables for easy lifting, helps those with limited hand dexterity
- Quieter and soft closing lid
- Easy to clean - Very little maintenance required throughout the bidet's lifetime
- Night light - Helps users with sight loss or dementia locate the toilet in the dark/dimly lit conditions
- Fixed seat controls - Air dry, Rear wash, Female wash, Power light/LED fault indication, and Night detector
- Remote control provides users with full function control via an easy to use, ergonomic handheld remote, and allows for user dignity
- Integral seat sensor - Prevents accidental usage by ensuring activation only occurs when the seat is in use
- Designed for use and compatible with the Navlin range of sanitaryware
- Low pressure mode can be selected to allow the bidet to continue working efficiently if the supplying water pressure drops
- Self-cleaning function - Pre and post wash nozzle cleaning and automatic water purge if not used for 72 hours, ensures the nozzle and surrounding area are hygienic
- Quiet and efficient operation - Low noise heater, water pump, and dryer motor
- Pressure flows are optimised for efficient and continuous cleaning
- Promotes user dignity whilst providing a reliable experience
- Adjustable settings - Temperature controlled water and dryer settings - Allow the user to tailor the bidet to meet their specific comfort and cleaning requirements
- Compliant with BS EN 60335-1

Programmable features:

- Temperature controlled water
- High power, 1750w instantaneous water heater
- 2-minute constant wash cycle
- 1-minute gradual cooling wash cycle
