Description

Ropox self assembly FlexiElectric worktop frame with 650 to 950mm vertical height adjustment via two quiet 24V DC electric motors.

A cost effective way of purchasing this system compared to the ready assembled units, they are also ideal if you have limited space to manoeuvre an assembled frame.

Key benefits:

- Ideal for single person and/or multiple users of the kitchen where regular adjustment is required
- Ideal for installing an electric hob or kitchen sink (requires flexible plumbing kit)
- Standard RAL 9010, matt white
