Description

EVOLine WalDisQ Wireless Charging Pad with Wall Mount

The EVOLine WalDisQ transforms wireless charging into an elegant wall-mounted solution. Combining premium German engineering with minimalist design, it provides a dedicated charging point for compatible smartphones while keeping worktops, bedside tables and desks free from clutter.

Supplied complete with a discreet wall mounting bracket, 1.5 metre USB-C cable and UK USB-C power adaptor, the WalDisQ is ready to install and use straight out of the box.

Magnetic Wireless Charging

Supporting wireless charging up to 15 W, the WalDisQ features integrated magnetic alignment to help compatible smartphones remain perfectly positioned over the charging coil for reliable, efficient charging.

Simply place your compatible device onto the charging surface and charging begins automatically—without plugging in a cable.

Designed for Modern Interiors

The WallDisQ is ideal wherever convenient charging is needed without sacrificing valuable surface space. Perfect for kitchens, home offices, bedrooms, hotel rooms, reception areas and commercial workplaces, its slim profile and understated appearance blend seamlessly into contemporary interiors.
