Granberg Power Switch, White

Product Code: 61341

Product Images

Description

The Granberg White Power Switch provides a simple and elegant wall-mounted switching solution for compatible electrical accessories, such as kitchen lighting. It can also be neatly installed into the front fascia of selected Granberg height-adjustable lifting systems, creating a clean, integrated appearance within your accessible kitchen.

Manufactured to complement Granberg's premium kitchen products, the switch features a contemporary white finish and compact 80 × 80 mm faceplate, making it suitable for modern domestic and commercial environments.

The switch is compatible with a range of Granberg electric lifting systems, allowing convenient control directly from the lift fascia where required.

Key benefits:

- Optional power switch for compatible electrical accessories
- Ideal for switching kitchen lighting and similar applications
- Can be installed into the front fascia of selected Granberg lift systems
- Modern white finish
- Compact design
- Overall dimensions (mm): 80 × 80
- Simple, integrated installation
- Suitable for domestic and commercial environments
- Product code: 61341
