Description

This Intamix mixing valve is designed for bath applications to meet the requirements of Building Regulations

www.independent4life.co.uk | info@independent4life.co.uk | Tel: 0800 500 3001 | VAT No: 942447711

EORI GB942447711000

Part G.

The new regulations state the temperature of water to a bath should be limited to no more 48°C. Whilst this allows for heat loss in metal baths, a comfortable bathing temperature is around 37°C. This valve complies with the legislation, delivering safe blended water with a high flow rate.

Key benefits:

- Single piece thermostatic cartridge construction
- Automatic shut off in the event of hot or cold water failure
- High flow rate and low pressure drops
- Adjustable outlet temperature
- 22mm compression connections with integral check valves and filters

Approvals:

- TMV2 approved
- WRAS approved

Safety:

- Anti-scald - water is prevented from getting hot enough to scald

Technical details:

- Temperature adjustment range: 25°C - 55°C
- Temperature stability: ±2°C
- Max inlet temperature: 85°C
- Max operating pressure: 10 bar static
- Min inlet pressure: 0.2 bar dynamic
- Min temperature to achieve failsafe: 10°C
- Max pressure inlet differential: 5:1

Warranty:

- 1 year manufacturer warranty

Additional Information

Manufacturer	Inta
TMV Configuration	22mm TMV
Approvals	WRAS Approved, TMV2 (Domestic Sector)
Technologies	Thermostatic Control, Anti-Scald
