Inta Infrared Contemporary Basin-Mounted Tap (Battery Operated)

£299.51 Inc. VAT

Product Code: IR120CP.1

Product Images

Description

This Inta basin mounted tap delivers water without contact with the tap.

An ideal solution where hygiene is paramount, such as in public toilets and washrooms.

The user's presence is detected by an infrared sensor to turn on a timed flow of water.

This tap has been designed for use with an approved Inta thermostatic mixing valve (TMV).

Key benefits:

- Infrared
- Hygienic
- Water saving
- Adjustable sensor field
- Battery life approximately 4 years with 150 operations per day

Approvals:

- WRAS approved

Technical details:

- Min operating pressure: 1.0 bar dynamic
- Max operating pressure: 8 bar static
- Max inlet temperature: 70°C
- Max basin thickness: 26mm
- Connection: Copper tail 10mm
- 24 hour hygiene flush

Warranty:

- 1 year manufacturer warranty

Please note:

- Do not install the tap facing a mirror or any other electronic system operated by an infrared sensor
- To prevent reflection issues, Inta recommend a minimum distance of 1.5m between the tap and other objects
